

IODA

1965 - 2005

The governing body is the Annual Meeting where each member country has one vote.

The Executive Committee is composed of the president, three vice-presidents - each from a different continent - and the chairs of the Regatta and Technical Committees.

In forty years IODA has had just five presidents and three secretaries.

The Optimist is, quite simply, the dinghy in which the young people of the world learn to sail.

Sailed in over 110 countries by over 150,000 young people, it is the ONE dinghy approved by the International Sailing Federation exclusively for sailors under 16 years of age.

Over 60% of the skippers at the Athens Olympics were former Optimist sailors and over 50% of the medal winning skippers were former Optimist internationals.
